SKILLS

- Python, C++, Java, JavaScript, React, NextJS, MongoDB, SQL, Git, Laravel
- Operating Systems, Backend, AWS, Android App Development, Agile, Flask, Financial Modeling, Data Analysis, Excel, JIRA, PostMan, Artificial Intelligence, System Design,

WORK EXPERIENCE

DEVSLANE: *INTERN*   [06/2024 - 07/2024]
- Completed an intensive **2-month full-stack training program**, gaining hands-on experience in **NEXT JS and MONGODB** development.
- Contributed to **3+ real-world projects**, working on both **frontend** (React, Next.js) and **backend** (Node.js, Express) components.
- Assisted in the design and implementation of user interfaces using React and NextJS.
- Developed and maintained server-side logic and APIs using Node.js and Express.

Fresh Start Agro: Design UI UX Intern   [12/2022 - 02/2023]
- Designed 50+ marketing materials (posters, banners, social media creatives) aligned with the brand's AgriTech vision.
- Delivered high-quality visuals under tight deadlines, improving design delivery efficiency by 30%.
- Maintained a high standard of quality control, ensuring all assigned tasks met professional design standards.
- Collaborated with the marketing team to enhance user engagement across 3+ digital platforms.

PROJECT

Web3 Website || SantaClaws   [10/2023 -11/2023]
- Developed a decentralized web3 website, using Next.js and other web3 technologies.
- Utilized blockchain technology to enhance user interactions and transactions on the platform.
- Improved platform performance, reducing transaction latency by **30%** through optimized frontend-backend communication using NextJS.
- Collaborated with a **4-member cross-functional team**, ensuring full compatibility across **3+ blockchain networks**

Scalable E-commerce website   [1/2025 -]
- Configured a serverless architecture utilizing **AWS S3** bucket and API Gateway with **MongoDB Atlas** to support 100+ objects, ensuring sub-50ms database response times for web3 transactions.
- Designed and optimized a responsive front end using Next.js, improving customer engagement. Continuously enhanced **UI/UX** features.
- Integrated horizontal scalability with auto-scaling groups and implemented AWS Application Load Balancer to ensure high availability and fault tolerance.

EDUCATION

Bennett University || Greater Noida, NCR   [09/2022 -]
Bachelors in Technology Computer Science- **CGPA-9.4**
  Relevant Coursework: Data Structures and Algorithms, Operating Systems, Machine Organization and Programming, Artificial Intelligence, Mobile App Development, Software Engineering, User Experience/User Interfaces, Object-Oriented Programming

Certificates

- **Data Structure** - UC San Diego
- **Algorithmic Toolbox** - UC San Diego
- **Neural Networks and Deep Learning** - DeepLearning.AI
- **Supervised Machine Learning: Classification** - IBM
